

## Proper conduct in the nature park

Special places need special protection. In order to maintain the sensitive ecosystem of South Tyrol's Precious natural environment, appropriate behaviour is of the utmost importance. The following principles will help you to move around the protected area in an informed and respectful manner.

Do not destroy nests, caves or other habitats

Do not pick up mushrooms, plants or minerals

Do not light fires

Do not leave rubbish

Camping is prohibited

Avoid noise

Use public transport whenever possible

Respect the private property

Park on the designated parking spaces

Stay on the marked paths

Drones are not allowed

Dogs must be kept on a lead

Do not feed or pet livestock

We ask for respectful behaviour on shared paths

Meet with patience and understanding the hosts of the huts and alpine pastures

Close fences and gates
